2. When and how to apply

All applicants must provide the information specified in this section.

To complete this application, you need to provide:

- a ballast water management plan applicable to the craft which as a minimum:
 - describes the ballast water management arrangements and procedures on board the ship
 - provides instructions to the crew on the operation of the arrangements to meet the practices described in section 1 of the Director's guidelines
 - identifies, where the ship has a treatment system, any Active Substances
 - identifies the crew responsible for operation of the arrangements and for following procedures.
- a ballast water management record book showing ballast water operations which as a minimum records the date, time, volume and location of any ballast water uptake, treatment (where applicable) and discharge.

If you do not provide all of the required information, we cannot process your application and we will return it and your other documents to you.

Checklist

There is no fee payable for your application.

Items you must provide with this application form:

- Ballast water management plan
