

Authorised service providers

Lifeboats, rescue boats, launching appliances and release gear

Last updated: October 2024

This document is uncontrolled if printed. Please refer to the Maritime New Zealand website for the latest version.

The following service providers are authorised to perform an examination, operational testing, repair, or overhaul of equipment. The service provider is authorised and carries out work in accordance with IMO resolution MSC.402(96) and regulation 20 of Chapter III of the International Convention for the Safety of Life at Sea, 1974.

This table is provided as a guide, and is accurate as of the date last updated. Contact your local service provider to discuss your specific needs.
