Completion date of the survey on which this certificate is based:

Surveyor's Declaration

This is to certify that:

- 1 the barge has been surveyed in accordance with the requirements of Part 47.74(2) or Part 47.74(6) of the maritime rules.
- 2 the survey showed that the freeboards have been assigned and the load lines shown above have been marked in accordance with Part 47 of the Maritime Rules as per photographs of the port and starboard load line marks and draught marks showing the subject vessel's registered name
- 3 the application for the issuance of a New Zealand load line is made direct to Maritime New Zealand on behalf of the registered owner
- 4 a copy of this completed application form has been supplied to the owner of the subject ship in accordance with the principles of Maritime Rules 47.74(8)
- 5 a copy of the attending Surveyor's completed check list for the load line survey is attached
- 6 for an initial survey a copy of the Naval Architect's freeboard calculations and the completed and signed off Stability Book as issued **is attached**. The initial survey must make a complete inspection of the ship's structure and equipment and of the relevant information.
- 7 for an initial survey a copy of the Form of Record of Conditions of Assignment **is attached**.
- 8 for a renewal survey, proof of structure has been surveyed **is attached**, such as photographs of void space showing internal structure remaining unchanged due to modification, fracture, failure, etc.
